**Arthur Greyf DDS, FICOI**  
**Implant, Cosmetic & Laser Dentistry**

**RECARE POLICY**

It is strongly recommended to see a hygienist and dentist two times per year, at intervals of approximately 6 months, unless you are on a periodontal recall schedule. In that case, you would follow a different, but no less strongly recommended schedule. Additionally, it is strongly advised to have a full check-up every year, and a full set of x-rays taken every 3 years. Following these recommendations is extremely important for your oral health, and even more so in cases where implants or other prostheses are placed in the mouth. For your added benefit, our office guarantees all implants, crowns, and dentures for 2 years, no questions asked. **However, please be aware, this warrantee will be void if you do not adhere to the above mentioned recommendations of coming in twice per year for cleaning and check-up and/or fail to adhere to the periodontal recall schedule.**
